## THE REV. DR. LOEB REPORTS TO ZIONIST MEETING

A Zionist mass meeting was held at Oppenheimer's Hall, 514 Ninth Street northwest, on Sunday, and a large audience gathered to listen to Rev. Dr. J. T. Loeb, who gave a full report of the proceedings of the Pittsburgh Zion convention, which he recently attended as delegate of the B'nai-Zion Association of Washington.

The report was extremely interesting and its presentation occupied no less than two hours. Those in the audience who previously criticized the convention afterward admitted that there was no room for censure, and that the convention was a splendid success all around.

Max Aaron, the delegate of the Young People's Union of Zion, followed with a brief address. Subscriptions were then taken up for the Zionist organ, "The Macabean," and a number of new members were enlisted in the Zionist rolls. The "Hatikvah" was sung by the audience with great pathos, and the well-known "Zion Hymn," composed by Dr. Perle, was sung, forming the conclusion of the meeting.

## ARGUMENT NEXT MONDAY.

TRENTON, N. J., June 30.—Judge Kirkpatrick yesterday fixed Monday next for a hearing on the application of William T. Bullitt, of Philadelphia, to be allowed to interplead in the asphalt reclamation suits.

## GERMANS OSTRACIZE LANGUAGE OF POLES

Must Learn Tongue of the Teutons.

POSEN, June 30.—The agitation for the introduction of compulsory German instruction in the public schools of American cities is viewed with amazement here, for in the Polish-speaking provinces of Prussia, Austria-Hungary and Russia it is almost a crime to ask that one's children be instructed in their native tongue.

All must learn German—Polish instruction is granted only as a matter of privilege and for extra pay, and pupils receiving same are forced to attend public school two years longer than other children, until their sixteenth or seventeenth year, respectively.

Besides such Polish children are often grossly maltreated by the German teachers and our law courts are forever busy dealing with cases of cruelty provoked by controversies arising out of the language question.

Even for demanding religious instruction in their mother tongue, Polish children are punished to the extent of being forced to remain two years longer in school than the law prescribes.

On account of the German government's uncompromising stand in the language question, Poles fail to see why Germans in America should demand compulsory education in the German language.

## LOSS AT WILKINSBURG.

PITTSBURG, Pa., June 30.—Fire of unknown origin visited Wilksburg, a suburb of Pittsburgh, early yesterday and destroyed W. F. Young's planing mill, the firm's ink factory, William Murdoch's dwelling, H. B. Guinette's blacksmith shop, and R. Swisshelm's stable. The loss was \$75,000.

## COAL HANDLERS STRIKE.

ASHTABULA, Ohio, June 30.—The coal handlers at this port, employed by the Lake Shore and Pennsylvania Railroad companies, struck yesterday because of the installation of a new coal loading device, which has resulted in the discharge of a number of longshoremen.

## BOYERTOWN CITIZENS ASSAIL PENNYPACKER

READING, Pa., June 30.—There was a lively scene at Governor Pennypacker's country home at Schwenksville yesterday, the participants being a committee of citizens of Boyertown, appointed at an indignation meeting held some time ago, to protest against the granting of a new charter or the extension of the old one held by the Ringling Rocks Trolley Company. The committee stated that the streets of the town had been tied up by the company for nine years, though there were evidently no intentions of building, the company appearing to be waiting to sell out to some other corporation. During the hearing, President Guldin, of the trolley company, appeared unexpectedly, and a lively discussion followed.

## PLASTERERS REFUSE TO GO OUT ON STRIKE

By a vote of 81 to 49 the project to call out the plasterers now working at the New Willard Hotel and on other jobs under Patrick McNulty, a boss plasterer, was defeated at a somewhat spirited meeting of the Operative Plasterers' International Association Local No. 96, held last night. The plasterers employed by the George Fuller Construction Company now working in New York are dissatisfied with the treatment they have received, and it was believed the local workmen could be called out on a sympathetic strike. At the meeting last evening three New York delegates spoke on the abuses the workmen had been subjected to. A vote was taken on the question of going on a sympathetic strike, with the above result.
